

BADGER

— BOYS STATE —

“A Week to Change a Lifetime”

Badger Boys State (BBS) is a weeklong camp held in early June for rising high school seniors. It’s focus is providing young leaders across the state of Wisconsin with opportunities for leadership development, education, and personal growth.

Badger Boys State is free for all attendees due to the generosity of our donors and sponsors.

Students are able to run for various elected positions at the city, county, and state level to form a fully-functioning mock government, while learning about being a good citizen, networking, and making lasting memories.

Badger Boys State provides a unique opportunity to gain exposure for what college will entail. BBS University sessions provide immersive classroom learning experiences for various topics of interest including: College Careers, Leadership, Law, Political Science, Public Administration and more!

There's also opportunities to participate in extracurricular activities including: Band, Basketball, Board Games, Choir, Color Guard, Dodgeball, Press Corps, Soccer, Swimming, Tennis, Ultimate Frisbee, Volleyball, Weightlifting, plus more!

Reach out to your school counselor or administration to learn more, or visit us at badgerboysstate.org
